*Dear Stan,*

Thank you so much for your note of 15th February and I can imagine the controversy involved in reducing numbers at the C.I.A.! I have in fact retained a connection with Chloride, in that I have become non-executive Deputy Chairman, and so look forward to the day when our sodium sulphur batteries will power submarines from one end of the earth to the next!

It was very good of you to write and I look forward to our next meeting - possibly in Kentucky\* in mid-year?

*Yours Sincerely,  
Michael*

*+ I haven't decided whether to accept the Achievement Award*
